---

Hind.QuartetEffect *Hind.QuartetEffect*

---

## Description

It contains computed quartet effect for Hind array. Those were computed on some normal samples of the hapmap dataset.

---

Nsp.QuartetEffect *Nsp.QuartetEffect*

---

## Description

It contains computed quartet effect for Nsp array. Those were computed on some normal samples of the hapmap dataset.

---

Sty.QuartetEffect *Sty.QuartetEffect*

---

## Description

It contains computed quartet effect for Sty array. Those were computed on some normal samples of the hapmap dataset.

---

Xba.QuartetEffect *Xba.QuartetEffect*

---

## Description

It contains computed quartet effect for Xba array. Those were computed on some normal samples of the hapmap dataset.

quartet

*Quartet Info example for the vignette*

---

**Description**

An example for the vignette

**Usage**

```
data(quartetInfo)
```

---

snpInfo

*snp Info example for the vignette*

---

**Description**

An example for the vignette

**Usage**

```
data(snpInfo)
```
